

Farm Pro

Simply The Best

Triple Paddock Roller

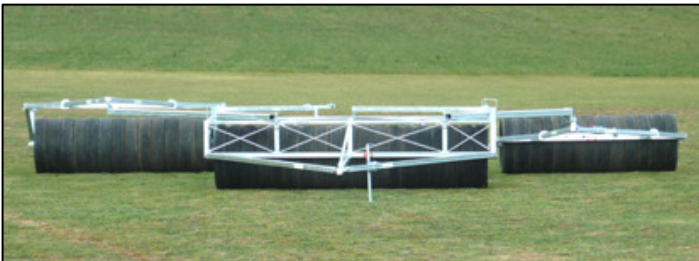

Benefits

- Presses large clods and stones down for better harvesting and less 'wear and tear' on equipment
- Available to be used as Single or Multiple Units from 10ft - 60ft(3.0m - 18.0m) to suit most machine widths
- Can easily be used as Single Units
- Ideal for peas, canola, small seeds as well as other crops and pastures
- Roller lightly compacts soil allowing for more shallow seed planting, resulting in better germination. Soil-Seed Contact

Unit 2 & Unit 3 Arms Open

- Heavy duty removeable Draw Bar (A frame) with 1,1/4" coupling Eyes/Pins on rollers
- 22.5" Semi-trailer tyres used for economic and easier rolling (not soft like car tyres) Non Compaction
- Sealed Long-Life Roller Bearings assemblies are fully bolted on
- Pre- Rolling paddocks can benefit with better prepared seed beds

Working Position

- "Swing Out Frame" Locks into work or into road transport position
- Simple to fold for transport and reopen for use, without unhooking

No Corner Cutting
